Entry fees & sponsorship

Funding kids' cancer research

Writers could turn their words into prizes with awards for best books in each division and for top fundraisers through sponsorship.

There's lots of opportunities for your teams to shine

Money raised through competition entry fees and sponsorship goes towards funding vital scientific research for childhood cancers. The more money you raise, the greater the benefit to kids with cancer.

How to do things by the book

Dot the i's and cross the t's...

We love to see all our participants have fun and bring their imagination - which is the key ingredient for any writing day!

Like with any competition there are a few T's to be crossed and I's to be dotted to make sure everyone taking part has a fair and rewarding experience.

4.0 HOW TO DO THINGS BY THE BOOK

4.1 Competition Essentials

On the day before writing, the Team Coordinator will receive an email to say that the parameters are ready to be downloaded from the [Team Coordinator portal](#).

A unique set of five parameters is computer-generated for each team. Your story must be based on and primarily written around these five parameters.

These parameters will be:

- **Two human characters, one non-human character, a setting and an issue**
- **The story may include secondary characters and settings but the parameters are the key components.**

Writers must not see these parameters until 8am on the writing day.

The emails will be sent at the following times:

- School teams will receive their email **after 12 noon AEST** the day before writing. Parameters will be available to download at 12pm AEST that day.
- Open: An email will be sent to your contact person at **12pm AEST** the day before the selected writing day to advise that the parameters are ready to be downloaded at **9pm AEST**.

4.2 Random Words

All teams are assigned **five random words** to be included at least once anywhere in the story. They must be included as written and without adaptation, e.g. “free” must be written as “free”, not “freely” etc.

The random words are the same for every team in the competition. **Please write the random words in bold type to highlight their inclusion in your story.**

4.3 Australian Identity

Your story must include identifiable Australian content. This can be in the theme, setting, characters or issue. This is to honour the origins of the competition which started at the home of a great Australian author, Katharine Susannah Prichard, which is now a writers’ centre bearing her name.

4.4 Originality and Language

All stories must be original and not previously written or published. All stories must be written in English.

4.5 Artificial Intelligence

As a creative competition, we encourage writers to use their creativity and not use AI at any point including brainstorming, editing and illustrations. If your team uses AI, please disclose on your acknowledgement page. Your book will be ineligible for prizes.

4.6 Target Audience Age

Your story is intended for reading by children aged 10-16 years who are patients in children’s hospitals. Do not include any swearing, strong or excessive violence, and inappropriate topics (eg death, cures for diseases). School teams are advised to consult their adult supervisor for advice. Team Coordinators may provide guidance as to inappropriate themes.

4.0 HOW TO DO THINGS BY THE BOOK

4.7 Word Count By Numbers

DIVISION	WORD COUNT (Minimum to Maximum)
PRIMARY SCHOOL	1500 to 2500 words
MIDDLE SECONDARY SCHOOL	3500 to 5000 words
UPPER SECONDARY SCHOOL	3500 to 5000 words
OPEN	7000 to 10000 words

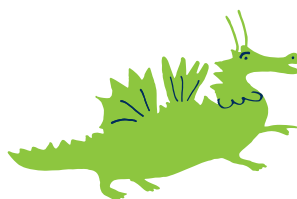

Psst! The word count for your story must be within the limit for your division. Books outside the limits will not be eligible for judging.

4.8 Be Bold, Be Creative!

While this is a writing competition, illustrations play an important role because of the target audience. The front and back cover of the book must be illustrated, with further illustrations throughout the book. Illustrations may be created by hand or digitally. All illustrations must be original or copyright free. See section 4.5 in relation to Artificial Intelligence (AI).

For more information about illustrations, go to the [resources](https://writeabookinaday.com) section on writeabookinaday.com.

Tip: Be as creative as your story is, but please keep the font type and size legible. We suggest a font size no smaller than Arial 10 font. Chapter titles and page numbers are optional.

4.11 Where Do I Submit my Book Entry

Save your completed book with all compulsory sections as a PDF file and a plain txt version.

For a book to be judged and uploaded to the [Online Library](#), teams must have reached the minimum sponsorship amount (see *section 3.3 – payment dates*) for reference.

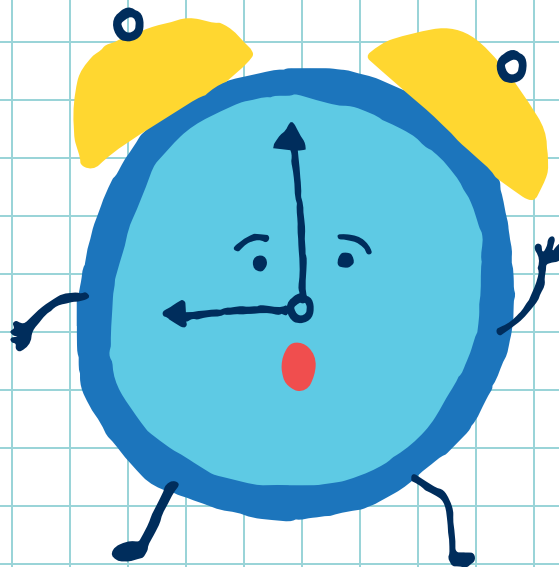

Any team that does not meet the minimum sponsorship amount by the end of the Competition Period, will not have their book published in the [Online Library](#).
